

November 18-20, 2020

NRU MGSU, Moscow

**VI International Scientific and Practical Conference
“Technologies, Organization and Management in Construction - 2020” (TOMiC-2020)**

Dear Colleagues!

We invite you to take part in the **VI International Scientific and Practical Conference “Technology, Organization and Management in Construction” (TOMiC-2020)**, which will be held **November 18-20, 2020** at National Research Moscow State University of Civil Engineering (NRU MGSU). The conference will feature leading scientists in the field of production technology, organization, planning, scheduling and management in the construction taking into account the latest world scientific achievements. Our main goal is creating an international platform for a comfortable and constructive exchange of construction experience, scientific developments and innovative ideas. Which we can certainly implement together.

There are planned three main thematic sections as a part of the conference, including, but not limited to the following directions.

Section A “Technologies and organization of construction production”

- Progressive building technology
- Organization, scheduling and planning in construction
- Design works
- Construction management

Section B “Automation and modeling in construction”

- Information modeling, life cycle management of buildings and structures
- Mathematical methods in solving problems of construction production
- Modelling of building processes
- Automation in construction, CAD
- Construction Economics

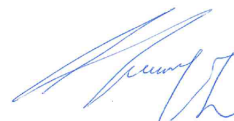

Section C “Ensuring the quality of finished construction products and production safety”

- Safety and Health at building construction
- Environmental aspects, Ecosafety, Sustainable construction
- Construction quality control and supervision
- Technical inspection, surveying and expertize

All proceeding of conference materials will be published in **Scopus indexed journals**. Detailed information about the event, including key dates and instructions for authors is listed on the official website of the conference <http://tomic-conf.com/>

Sincerely Yours,

Head of the Department “Technology and Organization
of Construction Production”, NRU MGSU,
Professor, Doctor of Technical Sciences, PhD

Azary A. Lapidus
